OPPOSITION TO MONOPOLY.
Music at Greatly Reduced Rates
NOTWITHSTANDING the combination of music dealers to keep up the prices of non copy right music, against the interests of native composers, and their refusal to extend to Mr. Waters the courtesies of the trade, he is making immense sales—having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid Native Talent, and to adopt the National Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons and Musical Instruments of all kinds. Superior toned 6½ octave Pianos for $175, $200 and $225, interior of as good quality, and instruments as strong and as durable as those which cost $500. INSURANCE OFFICES

WISCONSIN
Home Insurance Office,
No. 6 Kneeland's Block.
MILWAUKEE, WISCONSIN, MARCH 20, 1855
INSURANCE EFFECTED UPON DWELLING HOUSes, Stores and other Buildings, Household Furniture, Merchandise and other property, against
LOSS OR DAMAGE BY FIRE.
This is a new Company organized the 26th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks, but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the insuring public has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual system in one Company.
This Company commenced business with a capital of $[illegible] and have already issued upwards of [illegible] policies, and it is believed that with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred
That most lamentable failure of several of the old *Stock Companies* among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent Insurance men in the Stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.
As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take no hazardous risks, and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk in Village, within a circle of [illegible] rods diameter which if on fire will prevent very great loss at one fire
Applications for Insurance, respectfully solicited

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.
THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, but your own of the same class, and all will be on an equal footing.
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY by FARMERS ALONE
Farmers, look to your own interest, and insure in a Farmers' Company
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance
The best of references given as to the responsibility of the Company.

FIRE INSURANCE COMPANY.
Office in Martin's Block, Milwaukee.
Capital over $185,000—in Cash and Premium Notes
THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State

DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.

IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended usually called
Female Complaints.
Of these are PROLAPSUS UTERI, or Falling of the Womb. FLUOR ALBUS, or Whites—CHRONIC INFLAMMATION, AND ULCERATION OF THE WOMB, INCIDENTAL HEMORRHAGE, OR FLOODING; PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c, with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition
I have no hesitation in saying Dr Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C ORRICK, M D,
Baltimore, Md
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
WM LAIRD HAZLETT, M D.,
July 6th, 1854 New Philadelphia, Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D. Y. FOOTE, M. D.
Syracuse, N Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

OPPOSITION TO MONOPOLY.
Music at Greatly Reduced Rates.
NOTWITHSTANDING the combination of music dealers to keep up the prices of non copy right music, *against the interests of native composers,* and their refusal to extend to Mr. Waters the courtesies of the trade, he is making tremendous sales—having abundant evidence that he has public countenance and support in his opposition to the Great Monopoly, and in his efforts to aid native talent, and to adopt the National Currency. His stock of American and European music is immense, and the catalogue of his own publications is one of the largest and best selected in the United States. He has also made a Great Reduction in the prices of Pianos, Melodeons and Musical Instruments of all kinds. Superior toned 6½ octave Pianos for $175, $200 and $225, interior of as good quality, and instruments as strong and as durable as those which cost $500. Pianos of every variety of style and prices up to $1,000, comprising those of ten different manufactories, among them the celebrated modern improved Horace Waters Pianos, and the first premium Æolian Pianos of T Gilbert & Co's make, (owner of the Æolian patent.) Second hand Pianos at great bargains. Prices from $40 to $150. Melodeons from five different manufactories, including the well known S. D. & H. W. Smith's Melodeons, (tuned the equal temperament) the best make in the United States. Prices $45, $60, $75, $100, $115, $125, and $150. Smith's Double Bank Melodeons, $200. INSURANCE OFFICES

WISCONSIN
Home Insurance Office,
No. 6 Kneeland's Block.
MILWAUKEE, WISCONSIN, MARCH 30, 1855.
INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandise and other property, against
LOSS OR DAMAGE BY FIRE.
THIS new Company organized the 20th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon other kinds of Marine risks, but at the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the insuring public has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual system in one Company.
This Company commenced business with a capital of $60,000 and have already issued upwards of [illegible] policies, on which is based the [illegible] proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.
The recent failures of several of the old Stock Companies among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the insuring public and prominent insurance men in the Stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.
As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take no hazardous risks, take and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk in a Village, within a circle of 4 [illegible] rods diameter which of course will prevent very great loss at one fire.
Application for Insurance, respectfully solicited.

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.
THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing.
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY BY EXPRESS TERMS ALONE.
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we *have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.
The best of references given as to the responsibility of the Company.

THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females.

IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended, usually called
Female Complaints.
Of these are PROLAPSUS UTERI, or Falling of the Womb; FLUOR ALBUS, or Whites; CHRONIC INFLAMMATION, AND ULCERATION OF THE WOMB, INCIDENTAL HEMORRHAGE, or Flooding; PAINFUL, SUPPRESSED AND IRREGULAR MENSTRUATION, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.
I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C ORRICK, M. D.,
Baltimore, Md.
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefitted but one—and that one nothing will help.
Truly Yours,
WM LAIRD HAZLETT, M. D.,
July 6th, 1854 New Philadelphia, Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs.
D. Y. FOOTE, M. D.,
Syracuse, N. Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

The Judicial Election.

We publish this morning, additional returns of the election for Supreme Court Judge. There is hardly room to doubt that Mr. COLE has been elected to that responsible post by a triumphant majority. The voice of the "Rural Districts" is a caution to demagogues and dough-faces. Let them heed its eloquent warning

Closing Up.

RHODE ISLAND, last of the Free States, yesterday returned her verdict against PIERCE, NEBRASKA and Sham Democracy. *Every one* of the Free States with the single exception of California, has now condemned and repudiated the National Administration. Was there ever before, in the history of American politics, so signal an overthrow?

The Slanders of the "See Bote."

We copied, a day or two since, an extract from the *See Bote*, a German Catholic paper, published in this city, charging the "*Sentinel*" with "throwing off the mask" and giving utterance to "nativistic foreigner-denouncing" sentiments, which it had hitherto, with difficulty repressed. We branded this charge, in the plainest phrase, as a lie, and its authors as base and willful calumniators, and we expressed our astonishment that a paper which had always received courteous treatment at our hands, should lend itself to the circulation of such wanton falsehoods. We took occasion, at the same time, to say that the *Sentinel* had invariably pursued a fair and liberal course towards our adopted fellow citizens, and advocated, now and always, equal laws, equal rights and equal liberty for native and foreign-born. And we challenged the *See Bote* to make good, if it could, its lying charge against us.

The *See Bote* winces, as well it may, under the lash thus applied to its back and pettifogs through a couple of columns, not to prove, but to palliate, its calumnious accusation. It cannot, of course, find an act or a *sentiment of ours*, to give color even to its charge, and therefore trumps up fresh calumnies to sustain its original falsehood. Let us cite two samples of the *See Bote's facts* and arguments. Its first specification to prove the *Sentinel* a "nativistic" paper, is, that we supported Mr. COLE for Judge, whom it falsely and impudently stigmatizes as a "narrow-minded nativist" a "foreigner-hater," a "temperance hypocrite!" And on what ground are these insolently invectives poured forth against Mr. COLE? Why, that he is a man of temperate habits, and understood to be friendly to the Prohibitory Liquor Law; and that in the Convention which formed our State Constitution, he voted for the amendment offered by Judge DUNN, the leading democrat in that body, to restrict the right of suffrage to native or *naturalized* citizens of the United States. For this vote Mr. COLE briefly gave his reasons at the time—the main one being, that he entertained grave doubts whether the extension of the right of suffrage to immigrants *not yet naturalized*, would be constitutional. Now this is the whole foundation for the *See Bote's* virulent and malignant diatribe against as liberal high-toned, and upright citizen as there is in our State; and the main ground for its malignant assault upon the *Sentinel*.

The minor cause of complaint against us is, that whereas we have heretofore said but little on the subject of the Prohibitory Liquor Law, we are now strongly in its favor. Very true. We have had serious doubts as to the policy and practical effects of such a law. But close and careful observation of the results in other states, where a like law has been adopted, has entirely removed those doubts. We are satisfied that the terrible and ever-spreading evil of intemperance cannot be arrested by any less trenchant remedy. It is not enough to lop off the heads of this destroying Hydra. The very roots from which they spring must be seared with the hot iron. The thousand fountains of vice, crime, poverty and wretchedness, which "free trade in liquor" opens and supplies, must be effectually sealed up. It is in the full belief that a prohibitory law will accomplish this great and most necessary reform that we go for it, now and henceforth, with all our heart and with all our strength.

Last and least of all, the *See Bote* specifies as follows:

> "At that time (last Fall) the *Sentinel* had only flattering words for the German population, but now it is bold enough to say to the same German an infamy like this—"Nobody who participated in the demonstration made in honor of Barstow, was worth eight gallons." Is such malice to be endured by the German population. Can and shall the German press quietly suffer such a monstrous infamy, without betraying its country man?"

In giving this pretended extract from the *Sentinel* the *See Bote* deliberately perverts our language. The *Sentinel* never said a word about "Germans." We made no allusion whatever to the nativity of the persons who got up this "demonstration." Nor did we express any such opinion as is attributed to us by the *See Bote*.—Here is the paragraph, word for word, as it appeared in the *Sentinel*.

> A few seedy-looking characters in front, bore a banner assuring the public that "the *Sentinel* could not buy them with eight gallons!" The *Sentinel* begs to observe that it did not see any man in the lot worth that price.

Such was our language. The *See Bote* intentionally falsifies it, by applying it to all who took part in the demonstration, and as especially aimed at the Germans. We neither knew nor cared whether the leaders who bore the insulting banner which provoked and deserved our retort, were Germans, Irish, or Americans. It was reserved for the *See Bote* to claim this honor especially for its countrymen. We have only to say if the cap fits them, they are welcome to wear it. And here we drop the subject and the *See Bote*.

MILWAUKEE AND FOND DU LAC R. R.—TO CORRESPONDENTS. We have received an excellent letter from a correspondent at Fond du Lac on the subject of a direct railroad line between our city and that place, for which we will make room at the earliest possible moment.

And we desire here to acknowledge the favors of numerous other correspondents for some weeks past, for which it has been utterly impossible for us to find space amidst the press of Legislative and other matters. A part of them, we regret to say, were written for occasions which have passed by, but for most of the others we will try to find room.

WEBSTER'S DICTIONARY.—One of the good measures of the late Session was the act authorizing the purchase for the Common Schools of the State, of copies of Webster's Unabridged Dictionary, to be paid for in two years out of the Library money, at $4,00 per copy.

Messrs. J. A. HALL & Co., of this city, are agents for this valuable work, and have it for sale.

A WINDFALL.—We learn by telegraph from Halifax, that the ship James Chester, from Baltimore, with a valuable cargo of flour, pork, beef, &c., has been fallen in with at sea, abandoned, by the British ship Marathon, the captain of which put the mate and six of the crew of the M. on board, who succeeded in getting the James Chester into Liverpool. This will be a capital prize for them as she is nearly a new vessel built in Baltimore in 1854, and is 1073 tons burthen—valued at about $70,000. The cargo, when she left Baltimore, was worth at least $150,000 There is insurance on both vessel and cargo in this city and Baltimore, and in Europe.—[New York Commercial, March 31.

Milwaukee & Mississippi Railroad.

EARNINGS OF THE FIRST QUARTER.—The earnings of this road for the first quarter of 1855, compare as follows with those of the like period of 1854:

	1854	1855.	Increase
January,	$27,284 29	$3[illegible],501 37	9,576,39
February,	26,192 33	26,462 76	270,43
March,	2[illegible],173 98	[illegible]	9,226 02
Total,	$70,190,61	$89,263,93	$19,073 31

Showing an increase of over 25 per cent in these months over the corresponding ones of last year. When it is taken into consideration that the first quarter of the year is the dullest portion of it for business, and that, on account of the heavy *drifts, freight trains were impeded or stopped* entirely for a considerable portion of the time, the above exhibit is every way satisfactory, and indicates a large increase in the aggregate revenue this year over that of last year, when it was about $475,000, with net earnings of some 22 per cent.

The contract for the extension of this important thoroughfare of trade and travel, has just been let to the Mississippi, on favorable terms to responsible parties, to be completed 22 miles west of *Madison by the 1st of December*, 1855, and to Prairie du Chien in one year from that time.

In order to enable the company to go forward promptly, and without sacrificing its bonds at the present time, when railroad securities are so depressed in the market, they propose to call upon our city for a loan of its bonds to the amount of $200,000, for which they can give the most ample security. We do not think that there will be the slightest objection to the proposition.—*The city is already secured, three or four times over*, for all the railroad bonds which it has already issued; and the policy has been entered upon and pursued calmly and judiciously, for the best good of all the interests of the city.—Let us not stand back now, most of all, when the road in which we are most interested proposes to make its securities better than ever, by *pushing through* at once to the Mississippi

Milwaukee and Watertown Railroad.

We have been furnished with the following figures, showing the earnings of the short section of the Milwaukee and Watertown Railroad now *in operation. It exhibits a steady increase*, and an encouraging aggregate. In a short time the road will be open to Watertown, when it will prove itself to be all that has been promised as a great avenue of trade:

Dec 15th to 31st, '54	$1 660 28
January, 1855,	4 587 81
February,	5,491 22
March,	5 718,36

NEW PAPERS.—The Watertown City *Times* is the title of a new weekly paper published at Watertown, by W. J. Butler & Co. It is a good-looking and well-filled sheet, democratic in politics, and conducted with decided spirit and ability.

The *Patriot* and *Flag* is the name of a new Republican Journal started at Shullsburg, Lafayette County, by C. F. TASKETT & Co. It is well-edited, out-spoken in its sentiments and promises to be a faithful and efficient laborer in the political vineyard. We wish it all success.

OSHKOSH DEMOCRAT.—This first rate local and thorough Republican paper, has commenced its 7th volume. It receives and deserves a good support from the people of Winnebago Co., and parts adjacent, whose interests it advocates, and ought to be extensively used by our Milwaukee Merchants in their notices to customers.

NEW YORK HARBOR ENCROACHMENT COMMISSION.—GOV. CLARK has appointed the following gentlemen to be Commissioners under the Law just passed to prevent Encroachments upon the Harbor of New York.

GEORGE W. PATTERSON, of Chautauque.
JOHN VANDERBILT, of Kings.
PRESTON KING, of St. Lawrence.
JAMES BOWEN, of New York.
JOHN L. TALCOTT, of Erie.

The selection of a board composed of such men *does honor to the Governor of the Empire State*. It is in marked contrast with the appointment of the Lunatic Asylum Commissioners in this State, where the merest partisans were selected, and "mighty poor" timber any way.

BRICK MAKING AT OZAUKEE.—*The Advertiser* states that Messrs. Blake & Mather have contracted with A. SWEET & Co., of this city to furnish them 1 208 000 brick to be delivered at the Ozaukee piers during the coming season, to be used in the construction of the following Light Houses, for which Sweet & Co., have the contract:

Point Betsey, Michigan, one at Round Island, in St. Mary's River, one at Eagle Harbor on Lake Superior, one at Point Marquis, one at Superior City, at the mouth of the St. Louis River, one on Isle Royal in Lake Superior, and *one at Menasha* in this State.

The Advertiser says:

> We state without *fear of contradiction*, that we have three of the best brick yards in this state and our brick makers have made preparations for the manufacture of at least four million of brick this season. The shipments will probably amount to some three million, while *our* enterprising, go ahead citizens will pile the remaining million into walls of dwellings and storehouses, which will add materially to the appearance of our village, and the enhancement of property.

CHEAP ENOUGH.—"Dick Tinto" writes from Italy to the N. Y. *Times* that an Italian noble *man at Fiesole*, not worth *a sou*, is willing to marry a Yankee girl, for one hundred thousand dollars, cash on the nail.

NOT SO.—We learn from a gentleman who left Watertown yesterday morning, that, the rumor of a *murder having* been committed in that city, to which we alluded yesterday morning was without foundation.

☞ HORACE GREELEY goes to Europe this month to join his family, who have been spending the winter in *England*. It is his intention to be present at the great Exhibition which opens in Paris in May. It is stated on reliable authority that 24,500 copies of his "Life" have been sold and that it is still selling at the rate of nearly one thousand copies a week.

LUMBER FROM CANADA.—The Secretary of the Treasury has placed a construction upon the Reciprocity Treaty with Canada which excludes "boards, planks, lath and shingles" from the free lists as *manufactured wood*.

STEAMER OHIO.—The old steamer *Ohio* is to be employed in towing on the St. Clair Flats during the coming season of navigation.

ANOTHER DRUNKEN ROW.—The Potosi *Republican* brings the following:

> STABBING.—A fight occurred yesterday morning, on Main St., in front of Mallet's Saloon, between two men, named John Canada and Henry Montpleasure, *alias* French, in which the former was severely stabbed in the right side, by a large pocket-knife in the hands of French. Canada's wound was dressed by Dr. Armstrong, and he is considered to be in somewhat dangerous condition.

☞ There is a good story going the rounds of the papers, in relation to a recent interview between the present head of the French empire and ex-President Van Buren, which, if true, is creditable to the former personage. It runs thus: Mr. Van Buren visits Paris to unite in the celebration of Washington's birth-day. Napoleon *hears of his arrival, desires* an interview, but is told by the ex-President that, inasmuch as he has no court dress, he cannot present himself before the emperor: whereupon the latter rebukes his truckling to monarchial custom by remarking "I do not wish to see your clothes, but you!" The account goes on to say that Matty and Bonaparte were closeted together for hours; but here the story ends—and the probabilities are, that if such an interview took place, the world will not know the result of it unless the Frenchman himself proves leaky.—[Buffalo Republic.

BODY FOUND.—An inquest was held over the body of a man found on the lake shore about forty rods south of the south pier, in this village on Thursday last. Deceased was five feet ten inches in height, had on a pair of red top calfskin boots, and blue pants. The body must have lain under the ice some weeks. It was badly disfigured and bruised. No clue could be ascertained as to his name or residence. His general appearance was that of a sailor. He was properly buried in the cemetery west of the village.—[Port Washington Advertiser.

OZAUKEE.—Crawford 35 maj. H. J. Schulties has 49 majority for Register. The town officers elected are as follows;

Harvey Moore, Chairman of the Board of Town Supervisors; T. Thorsen and B. Johnson, Supervisors; M. Martini, Town Clerk; Norman S. Turner, Superintendent of the Common Schools; J. I. Loomis and M. M. Whedam, Justices of the Peace; L. C. Loomis, Assessor; B. Harrington, L. Beck and Robert Martini, Constables; Jacob Moritz, Sealer of Weights and Measures.

The *Advertiser* (dem.) from which we take the above adds:

> Our citizens certainly had reason to rejoice over the result of yesterday's election, for the Germans had declared openly that they would RULE, and that no American should hold office while the balance of power was in their favor. This was all wrong, and we are very sorry that they should be so injudicious.

Certainly it was all wrong, and injudicious besides, and such declarations are only calculated to arouse a Know Nothing feeling in the localities where they are made: in short—"not to put too fine a point upon it"—to wake up SAM.

LAKE MARIA, MARQUETTE CO., April 4.
At the election in this town, (Hardin) yesterday, the vote stood for Cole 87—for Crawford 11
Yours, F.

OCONOMOWOC.—The town of Oconomowoc, *Waukesha county, elected the Republican ticket*, on Tuesday; Daniel Cothrel, Chairman, D. McVincher, Town Clerk, and J. R. Carpenter, Justice. For Supreme Court, Cole received 190 votes and Crawford 62—majority for Cole 128!

VOTE OF JANESVILLE.—The following was the vote of Janesville city for Mayor:

	1st Ward	2nd	3d	4th	Total
E. L Dimmock,	157	142	71	161	531
A. Hyatt Smith,	51	96	40	138	325

Majority for Dimmock, Temperance, 206

For Associate Justice of the Supreme Court, Cole received 504 votes, and Crawford 306.

The Aldermen elect are, Messrs. Noggle and Kimball in the 1st Ward, Crosby and Burnham in the 2nd, Rowland and St. John in the 3d, and Vermilye and Lawrence in the 4th—all temperance men.

TOWN OF GREENFIELD.—The election in Greenfield resulted in the choice of the *following* officers:

Supervisors—P. Lavis Jr., (Chairman) C. Harket, Michael O'Brien.
Clerk—Wm. W. Johnson.
Superintendent—Edwin Johnson.
Treasurer—Francis B Ott.
Assessor—Edward B. Hasse.
Justices—Edwin Johnson, Joseph C. James.
Constables—J. Ballard, P. Merrity and C. Saner.

For Supreme Court Judge, Crawford received 175 votes, and Cole 55.

TOWN OF LAKE.—The following officers were chosen in the town of Lake on Tuesday. There was no party contest.

The vote for Judge of the Supreme Court stood, *Orsamus* Cole 79, Samuel Crawford 76.

In the morning nearly all the votes cast were for Mr. Cole, but towards noon emissaries appeared from the *city*, and *rallied many of the* foreign born voters against Mr COLE, on the "Liquor" and "Know-Nothing" issues.

MADISON TOWN ELECTION.—The following are the officers chosen at the Madison Town election Tuesday:

Supervisors—H. J. Hill, Ch'n., *S. M. Van Bergen*, R. T. Davis.
Clerk—W. S. Main.
Treasurer—*G. C. Albee.*
Justice—*William Welch*
Assessors—*C. G. Meyers, Thomas Reynolds.*
School Superintendent—Darwin Clark.
Constables—Wm. Pyncheon, Henry Rouse, I. E. Brown.

The *Democrat* says that those in italics ran on the independent ticket, and the others are "straight democrats."

WATERTOWN CITY ELECTION.—The contest for city officers was very spirited—821 votes having been polled. JOHN W. COLE was elected Mayor by 59 majority over WM. CHAPPELL; THOMAS KNOX (formerly of this city) Municipal Judge by 69 majority; THEO. BERNHARD, Clerk — B. O'BRYNE, Treasurer—and EMMETT OTT, Marshal. We said, yesterday, that the issue was Barstow and anti Barstow. We are assured, however, that local considerations controlled the result.

THE PROHIBITORY LAW.—This law, which had passed both branches of our Legislature, by large majorities, has been vetoed by the Governor. We are grieved, but not disappointed at this action of Governor Barstow. Thousands of temperance men were deceived by his pledge not to veto a constitutional law, and voted for him because of that pledge; but we were not among the number thus duped. We never knew any one but a third rate Demagogue attempt to ride into office *upon* both sides of an important issue; and we never knew such an one that did not, when compelled to get off the fence land on the wrong side. Perhaps temperance men—Maine Law men, will be gulled again by just such another "artful dodge," but we think one such lesson will do for the present. Our own individual opinion is, that the next Governor of Wisconsin, will not veto a Prohibitory Liquor Law.—[Oshkosh Democrat.

Correspondence of the Sentinel

The Janesville Election—Triumph of Temperance and Reform.

Messrs. Editors:

A glorious conquest has just been won. Temperance and principle are triumphant. The day dawns upon a happy City. The chill of defeat has subsided, and the warm blood of patriotism flows free and unobstructed

Yesterday was our city election. The people as a people, acting upon freedom's principles, did their duty.

We elected a *clean Temperance ticket*. The great struggle was for Mayor. The candidates were EDWARD DIMOCK and Temperance, and A. HYATT SMITH *and Liquor*. There were something more than 850 votes polled, Dimock receiving 200 majority over Smith. Every Alderman elected is a thorough Temperance man.

We feel indeed, grateful for the result, and to our *good* citizens, must we express our gratitude. The city did a good work yesterday, long to be remembered and cherished, as a glorious triumph of Principle and "Temperance" over "Whisky" and "Demagoguism." The city gave Orsamus Cole 198 majority over Crawford.

In the evening the *city* was illuminated by bon-fires, and at eight o'clock, a very large body of men formed a procession of torch lights, marching through the *principal streets, and halting* before the residence of our new Mayor elect. The drum was beaten, cheers were given, and Mr. Dimmock came out and addressed the people after which, the mass of exultants quietly dispersed to their respective homes, feeling that *a good day's work was finished*.

By a resolution of the Common Council, the *Mayor* issued a proclamation to the Liquor dealers, forbidding the sale of the poison on Election day. The proclamation was obeyed, everything passed off quietly; and *but one* drunken man was seen during the day.

We never witnessed such feeling as was exhibited on this occasion. The friends of Reform seemed to regard the result of the Election as a matter of life and death, to the interests of the City and laboring manfully, under this laudable feeling, their good work was crowned with success.

Respectfully, CITIZEN.
Janesville, March 4th 1855.

THE RUM MURDER IN WASHINGTON COUNTY.—The Ozaukee County *Advertiser* gives the following particulars of the *terrible murder and suicide* in the town of Wayne, Washington County last week:

> Mr. Reisner, the suicide and murderer, had difficulty with his wife's parents caused by his infidelity to his wife, and also by reports that he had a wife still living in Germany. The father of Reisner's wife, whose name our informant did not remember, had threatened to prosecute him. On Thursday last, Reisner was at West Bend, and partook rather freely of the "poison cup," and returned home towards evening, "comfortably drunk." The next morning he shot his wife's *mother through the head, killing her instantly*.—He then shot his father in law through the throat, mortally wounding him. Not satisfied with this shedding of blood, he placed the muzzle of the gun to his head, pulled the trigger and in an instant his brains lay scattered in every direction

THE LARGEST AND BEST SELL OF THE SEASON.—On Saturday last a quantity of hand-bills were posted up in this village, giving notice that Professor TIFFANY, of Cleveland, Ohio, would lecture at the Court House on Sunday evening, on "Spiritualism," and that Miss WARNER, "a celebrated medium," would assist him, &c. At an early hour *the house was filled* and many were compelled to stand up while others left for want of room to stand. Nearly all the Spiritualists from the village and country, far and near, were on hand. Notwithstanding the roads were almost impassable, quite a number of teams came sweating and foaming through the mud, heavy loaded with *men, women and children, from a distance* to hear the celebrated representative of "departed spirits." After waiting about an hour for the Lecturer, a Chairman was appointed, and the meeting called to order. The Chair inquired what was to be done, &c. About that time some one suggested that it was *the First Day of April*; and such "a getting *down* stairs" we never saw before. In fact, every one whom we have heard "own up" that he was there, claims that he was "the first one that left." It is pretty well understood that our citizens are indebted to their Milwaukee neighbors for the arrangement of this very clever "sell."

LATER.—Since writing the above, we learn that some evil disposed boys not having "the fear of the spirits before their eyes," took up a *right* collection at the door just enough to pay expenses. Waukesha Plaindealer.

WHO CAN BEAT IT.—Mr. Wm. Hardy—boss *miller at the Empire Mills, in the 2d Ward*—ground, with one run of stones, in four days, ending on Thursday night of last week, 562 bbls of flour, on an average 140½ bbls per day and during one of said days, he ground 171 bbls of flour; for the week ending Sunday night, he ground 892 barrels of flour. When any one beats this Mr. Hardy will try again.—[Free Democrat.

New Licenses.

The names of persons to whom licenses have been granted are, Capt Quackenbush, Mr. Fay, (Market st) J. H. Webster, Tremont House, Joshua Bell, J. V. Ranglen, (two places) Philip Conley, Peter Conley, Willard and Stephens, Joseph Gage, (two places) Mr. Simpson.

We are happy to see the bar at the Theatre is closed, and crape affixed to the door, over a placard bearing the inscription,

"WHISKEY IS DEAD."

The license expired on the 1st of the month, and Mr. Rice would not allow the bar-keeper to have it renewed. If anything *could* add to Mr. Rice's popularity here, such acts as this would do so. Chicago may now pride herself upon having one of the best managed theatres in the Union in her midst, *without a drop of whiskey sold on the premises*. Hurrah for the Theatre without the bar! Mr. Rice will find that he never did anything that will pay him better than the simple act of shutting up that bar.—[Chicago Tribune, April 4.

THE STEAMSHIP NIAGARA.—The New York *Herald*, of Thursday, contains a description of the new steam frigate *Niagara* built by GEORGE STEERS—the celebrated naval architect—which is one of the six for which an appropriation was made by the last Congress, the others being constructed at other *Navy Yards throughout the country*. The *Niagara* is sharp at the bows, something like the fast sailing yachts that generally take the prizes at the match races. Her extreme length is 345 feet, breadth 55 feet, and 31 feet the depth of hold from the floor to the under side of spar deck. She is intended to carry 12 *eleven inch swivel guns*. Mr. Steers says she will sail seventeen miles an hour, under an ordinary press of canvass. This speed goes even ahead of the *Grapeshot*, and if gained in the *Niagara*, it will puzzle the world to catch her in a fair race.

As to the strength of this vessel, there is little, if any, improvement to be made. Her frame is of the best live oak, every piece being carefully selected before allowed to go into her hull. She was visited and examined a few days ago by E. K. COLLINS, who pronounced the *frame* to be in quality of timber and workmanship, superior to anything which he had ever witnessed in the way of shipbuilding in this country or in Europe

Lunatic Asylum Contract Repudiated.

From the Madison correspondence of the Milwaukee *Sentinel*, under date of March 20th we extract the following report of the doings in the Assembly on the proposition to relieve the State of further enormous expense incurred by the Lunatic Asylum Commissioners, by at once repudiating the contract with one Proudfit for the construction of the building. This contract would make the *Lunatic Asylum cost the State more than four hundred thousand dollars*, when the sum appropriated for that purpose last winter was but $22,300! "Investigations" have exposed the whole scheme, and the evidence produced before the investigating Committee go to show that no other person but Proudfit was permitted to examine the specifications of the building previous to the time of awarding the contract, although many applications were made by persons wishing to bid. It was further proven that the contract was awarded by the Commissioners, between 11 and 12 o'clock *at night*; that the *Governor* was present, and *and gave his approval* of the bid made by Proudfit!! We sincerely regret having to chronicle such misdeeds on the part of an Administration our influence aided to bring into power, but our duty dictates our course—to keep the acts of the public servants before the people, be they bad or good.—[Potosi Republican, (dem.)

Maine Law Triumph in Iowa.

Davenport, April 4.

The official majority in Davenport township, for the Prohibitory Law is 265; for State officers 100; for Wm. H. Tuthill, Whig Temperance candidate for Judge, 94. In this county the Prohibitory Law will have a majority of 500 and probably 5,000 in the State. Tuthill's majority in this county is 200. He is unquestionably elected.

JOINT RESOLUTIONS.

CITY MATTERS.

DEATH OF FREDERICK FRATNY.—We regret to announce that FREDERICK FRATNY, for several years past editor of the *Volksfreund*, a German paper published in this city, died at his residence in the First Ward, at 4 o'clock yesterday morning. Mr. FRATNY was a man of decided talent, of generous impulses and liberal principles; and tho' a warm *partisan*, was a fair and manly opponent. He leaves a wife and three children, and a large circle of attached friends to mourn his loss.

POLICE COURT.—April 4.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

A gentleman who is the occupant, but not the owner, of a store on East Water street, applied to the Police Justice to find out whether he, the applicant, was compelled to clean the street in front of the store he occupied. The Court informed him that the language of the Ordinance was "the owner or occupant of said lot." The applicant stated that under his lease he was not bound to pay any taxes assessed against the property. *This is a question that is asked of the* Court about every time a man receives a notice from the Marshal to clean the street in front of their stores. All who have observed the working of the Ordinance relating to the cleaning of the streets, must have become satisfied that the Ordinance from beginning to end, was a humbug. The streets of the city have never been kept clean, the alleys have steamed with putrid effluvia every summer, and nothing but the healthy nature of its location has prevented disease from *raging in a sickly season*. What is everybody's business is nobody's business, and it is so with this Ordinance. The city should be cleaned by a general city tax, and that tax be paid by the property. It would then be done and the city could thus be kept clean. But as it is at present, the cleaning, even if the Ordinance is complied with, is irregular. For instance a man occupies a store with a vacant lot on each side, the occupant has to clean the street in *front of* his tenement, but the street opposite both the vacant lots remains filthy. Such is but one instance of the workings of this Ordinance. The Marshal has commenced to notify residents on *East Water st., to clean in front of their stores*, and says he shall follow it up; and if there is any way in which the Common Council can effect the *thorough cleaning* of each street and alley previous to warm weather, we hope they will do it, promptly. We hope they will follow the advice of the Mayor—"Do nothing but what is absolutely necessary, and neglect nothing which it is your duty to perform."

THE STREETS.—We are glad to see that the Aldermen of the different wards are taking measures to have the streets thoroughly cleaned with the opening of Spring. Contracts have been advertised for in some of the wards for taking off the dirt, by the year, and we do not doubt that the others will follow. Laborers were engaged all along East Water Street yesterday in gathering into heaps the winter's accumulation, although the great masses of ice in some portions of the street will be obliged to remain a few days, until the sun can soften them.

It is a great comfort to know that for the first spring since the foundation of the city, there is a solid stone foundation, when it can once be reached.

HARDWARE.—NAZRO & Co. appear in our columns to-day with a notice of their stock of iron and steel, showing that they are in readiness for the Spring trade. We understand that they hope to get into their splendid and capacious new building in the course of three or four months. Its massive and tasteful front attracts much admiration from passers by.

☞ The steamer *Arctic*, with a fair load of passengers and freight, arrived from Chicago last *evening, and returns this morning. Among* her passengers was Mr. JAMES CHRISTIE, who re-visits Milwaukee, after an absence in Europe, of several years, and is warmly welcomed back again by many friends.

FANCY GOODS.—*Take notice of* H STRAFFORD'S advertisement of his new store in Young's Block on Wisconsin Street, where there are hosts of articles to tempt the purchaser.

BOARD OF SCHOOL COMMISSIONERS.—The Board of School Commissioners hold the annual meeting for the election of officers and the transaction of other business, at the Common Council *Room this evening* at 7 o'clock.

THE ST CLAIR FLATS.—Mr. George Keefer, a civil engineer, of Chatham, C. W., has addressed a letter to Mr E. Larwill, member of the Provincial Parliament from the county of Kent, in relation to a Canadian channel over the St Clair Flats, known as the *Chenal Ecarte*, which, he says, is a more favorable and shorter line of communication than on the American side, and can be opened at one-third of the expense. The channel, Mr. Keefer states, passes West St Ann's Island, and, although somewhat crooked, has sufficient depth of water for any vessel or boat navigating the Lakes. The only obstruction is a bar formed at its southern entrance into Lake St Clair, composed of soft blue clay, extending not over four or five hundred yards, and over which vessels drawing not more than six feet of water can easily pass, so that to secure a channel of ten feet water, the actual depth of dredging will not exceed four feet in the whole distance. The channel, however, when opened, would probably require piers to protect it against the wash of the Lake. To obviate this difficulty, Mr. K. suggests a cut from a bend in the channel some distance from its entrance, where it approaches very near to the lake. *The length of the cut* would not exceed a quarter of a mile, and would at once bring a vessel into deep water, in the lake, and where it would be so guarded from prevailing winds, as to require no protection from the piers. The current, which is about two miles an hour, would always keep the channel open. Mr. Keefer says:

> "The great necessity for improving the channel has, I believe, drawn the attention of the leading men of this town, who, I understand, are about petitioning the Government for a grant of *five thousand pounds*, which will *be ample for all purposes required, not only for opening a* proper channel at these flats, but will cut off some sharp points and bends in the channel, by way of shortening the distance, and rendering the navigation more perfect. The Government, it appears to me, would hardly withhold so small a favor, when the advantages of so trifling an outlay would subserve so useful a purpose, and when they have been expending large sums for other improvements in the country of much less public utility."

"A Wise Man shall Hear, and shall be Wiser."

We are all creatures of one Creator, who has placed us upon this globe and surrounded us with the means to sustain life and preserve health, or restore it when lost, and given us minds to investigate and ascertain the properties and effects upon our organization, of the various substances and elements within our reach and under our control.

The Mexican Mustang Liniment

is prepared upon these immutable principles of nature, after carefully studying and experimenting with the various elements of its composition upon the different diseases for which it is recommended. There is no guess work or chance hazard about it. It acts upon strict chemical, philological and organic laws, and can therefore be depended upon in perfect certainty in curing Rheumatism, Piles, Bruises, Burns, Ulcers, Sprains or Sores of any kind, and for sore or caked breasts, chapped hands, tetters or ringworms. The thousand bottles daily selling is proof enough of this. See advertisement in another column.

The Judicial Election.

We publish this morning, additional returns of the election for Supreme Court Judge. There is hardly room to doubt that Mr. Cole has been elected to that responsible post by a triumphant majority. The voice of the "Rural Districts" is a caution to demagogues and dough-faces. Let them heed its eloquent warning.

Closing Up.

Rhode Island, last of the Free States, yesterday returned her verdict against Pierce, Nebraska and Sham Democracy. *Every one* of the Free States with the single exception of California, has now condemned and repudiated the National Administration. Was there ever before, in the history of American politics, so signal an overthrow?

The Slanders of the "See Bote."

We copied, a day or two since, an extract from the "See Bote," a German Catholic paper, published in this city, charging the "*Sentinel*" with "throwing off the mask" and giving utterance to "native and foreigner-denouncing" sentiments, which it had hitherto, with difficulty repressed. We branded this charge, in the plainest phrase, as a lie, and its author as a base and willful calumniator, and we expressed our astonishment that a paper which had always received courteous treatment at our hands, should lend itself to the circulation of such wanton falsehoods. We took occasion, at the same time, to say that the *Sentinel* had invariably pursued a fair and liberal course towards our adopted fellow citizens, and advocated, now and always, equal laws, equal rights and equal liberty for native and foreign-born. And we challenged the *See Bote* to make good, if it could, its lying charge against us.

The *See Bote* winces, as well it may, under the lash thus applied to its back and pettifogs through a couple of columns, not to prove, but to palliate, its calumnious accusation. It cannot, of course, find an act or a *sentiment* of ours, to give color to its charge, and therefore trumps up fresh calumniations to sustain its original falsehood. Let us cite two samples of the *See Bote's facts* and arguments. Its first specification to prove the *Sentinel* a "nativistic" paper, is, that we supported Mr. Cole for Judge, whom it *falsely* and impudently stigmatizes as a "narrow-minded nativist," a "foreigner-hater," a "temperance hypocrite!" And on what ground are these scandalous invectives poured forth against Mr Cole? Why, that he is a man of temperate habits, and understood to be friendly to the Prohibitory Liquor Law; and that in the Convention which formed our State Constitution, he voted for the amendment offered by Judge Dunn, the leading democrat in that body, to restrict the right of suffrage to native or *naturalized* citizens of the United States. For this vote Mr. Cole briefly gave his reasons at the time—the main one being, that he entertained grave doubts whether the extension of the right of suffrage to *immigrants not yet naturalized*, would be constitutional. Now this is the whole foundation for the *See Bote's* virulent and malignant diatribe against as liberal, high-toned, and upright citizen as there is in our State; and the main ground for its mendacious assault upon the *Sentinel*.

The minor cause of complaint against us is, that whereas we have heretofore said but little on the subject of the Prohibitory Liquor Law, we are now strongly in its favor. Very true. We have had serious doubts as to the policy and practical effects of such a law. But close and careful observation of the results in other states, where a like law has been adopted, has entirely removed those doubts. We are satisfied that the terrible and ever-spreading evil of intemperance cannot be arrested by any less trenchant remedy. It is not enough to lop off the heads of this destroying Hydra. The very roots from which they spring must be seared with the hot iron. The thousand fountains of vice, crime, poverty and wretchedness, which "free trade in liquor" opens and supplies, must be effectually sealed up. It is in the full belief that a prohibitory law will accomplish this great and most necessary reform that we go for it, now and henceforth, with all our heart and with all our strength.

Last and least of all, the *See Bote* specifies as follows:

> "At that time (last Fall) the *Sentinel* had only flattering words for the German population, but now it is bold enough to say to the same Germans an infamy like this:—"*Nobody who participated in the demonstration made in honor of Barstow, was worth eight gallons.*" Is such malice to be endured by the German population. Can and shall the German press quietly suffer such a scandalous infamy, without betraying its countrymen?"

In giving this pretended extract from the *Sentinel* the *See Bote* deliberately perverts our language. The *Sentinel* never said a word about "Germans." We made no allusion whatever to the nativity of the persons who got up this "demonstration." Nor did we express any such opinion as is attributed to us by the *See Bote*.—Here is the paragraph, word for word, as it appeared in the *Sentinel*.

> A few seedy-looking characters in front, bore a banner assuring the public that "the *Sentinel* could not buy them with eight gallons." The *Sentinel* begs to observe that it did not see any man in the lot worth that price.

Such was our language. The *See Bote* intentionally falsifies it, by applying it to all who took part in the demonstration, and as especially aimed at the Germans. We neither knew nor cared whether the loafers who bore the insulting banner which *provoked and deserved our retort*, were German, Irish, or Americans. It was reserved for the *See Bote* to claim this honor especially for its countrymen. We have only to say if the cap fits them, they are welcome to wear it. And here we drop the subject and the *See Bote*.

Milwaukee and Fond du Lac R. R.—To Correspondents. We have received an excellent letter from a correspondent at Fond du Lac on the subject of a direct railroad line between our city and that place, for which we will make room at the earliest possible moment.

And we desire here to acknowledge the favors of numerous other correspondents for some weeks past, for which it has been utterly impossible for us to find space amidst the press of Legislative and other matters. A part of them, we regret to say, were written for occasions which have passed by, but for most of the others we will try to find room.

Webster's Dictionary.—One of the good measures of the late Session was the act authorizing the purchase for the Common Schools of the State, of copies of Webster's Unabridged Dictionary, to be paid for in two years out of the Library money, at $4,00 per copy.

Messrs. J. A. Hall & Co., of this city, are agents for this valuable work, and have it for sale.

A Windfall.—We learn by telegraph from Halifax, that the ship James Chester, from Baltimore, with a valuable cargo of flour, pork, beef, &c., has been fallen in with at sea, abandoned, by the British ship Marathon, the captain of which put the mate and six of the crew of the *M.* on board, who succeeded in getting the James Chester into Liverpool. This will be a capital prize for them, as she is nearly a new vessel built in Baltimore in 1854, and is 1073 tons burthen—valued at about $70,000. The cargo, when she left Baltimore, was worth at least $150,000. *There is insurance on both vessel and cargo in this city and Baltimore, and in Europe.*—[New York Commercial, March 31.

Milwaukee & Mississippi Railroad.

Earnings of the First Quarter.—The earnings of this road for the first quarter of 1855, compare as follows with those of the like period of 1854:

	1854.	1855.	Increase.
January,	$27,284 29	$32,201 17	9,576,86
February,	26,192 33	26,462 76	270,44
March,	21,373 98	30,600,00	9,226 02
Total,	$70,190,61	$89,263,93	$19,073 33

Showing an increase of over 25 per cent in these months over the corresponding ones of last year. When it is taken into consideration that the first quarter of the year is the dullest portion of it for business, and that, on account of the *heavy drifts, freight trains were impeded or stopped* entirely for a considerable portion of the time, the above exhibit is every way satisfactory, and indicates a large increase in the aggregate revenue this year over that of last year, when it was about $475,000, with net earnings of some 22 per cent.

The contract for the extension of this important thoroughfare of trade and travel, has just been let to the Mississippi, on favorable terms to responsible parties, to be completed 22 miles west of Madison by the 1st of December, 1855, and to Prairie du Chien in one year from that time.

In order to enable the company to go forward promptly, and without sacrificing its bonds at the present time, when railroad securities are so depressed in the market, they propose to call upon our city for a loan of its bonds to the amount of $200,000, for which they can give the most ample security. We do not think that there will be the slightest objection to the proposition.—The city is *already secured*, three or *four times* over, for all the railroad bonds which it has already issued; and the policy has been entered upon and pursued calmly and judiciously, for the best good of all the interests of the city.—Let us not stand back now, most of all, when the road in which we are most interested proposes to make its securities better than ever, by *pushing through at once to the Mississippi*.

Milwaukee and Watertown Railroad.

We have been *furnished* with the following figures, showing the earnings of the short section of the Milwaukee and Watertown Railroad now *in operation*. It exhibits a *steady increase*, and an encouraging aggregate. In a short time this road will be open to Watertown, when it will prove itself to be all that has been promised as a great avenue of trade:

Dec 15th to 31st, '54	$1 660 23
January, 1855,	4 587 82
February,	5,491 52
March,	5 718,36

New Papers.—The Watertown City *Times* is the title of a new weekly paper published at Watertown, by W. J. Butler & Co. It is a good-looking and well-filled sheet, democratic in politics, and conducted with decided spirit and ability.

The *Patriot* and *Flag* is the name of a new Republican Journal started at Shullsburg, Lafayette County, by C. F. Tasker & Co. It is well-edited, out-spoken in its sentiments and promises to be a faithful and efficient laborer in the political vineyard. We wish it all success.

Oshkosh Democrat.—This first rate local and thorough Republican paper, has commenced its 7th volume. It receives and deserves a good support from the people of Winnebago Co., and parts adjacent, whose interests it advocates, and ought to be extensively used by our Milwaukee Merchants in their notices to customers.

New York Harbor Encroachment Commission.—Gov. Clark has appointed the following gentlemen to be Commissioners under the Law just passed to prevent Encroachments upon the Harbor of New York.

George W. Patterson, of Chautauque.
John Vanderbilt, of Kings.
Preston King, of St. Lawrence.
James Bowen, of New York.
John L. Talcott, of Erie.

The selection of a board composed of such men *does honor to the Governor of the Empire State*. It is in marked contrast with the appointment of the Lunatic Asylum Commissioners in this State, where the merest partisans were selected, and "mighty poor" timber any way.

Brick Making at Ozaukee.—The *Advertiser* states that Messrs. Blake & Mather have contracted with A. Sweet & Co., of this city to furnish them 1 208 000 *brick* to be delivered at the Ozaukee piers during the coming season, to be used in the construction of the following Light Houses, for which Sweet & Co., have the contract:

Point Betsey, Michigan, one at Round Island, in St. Mary's River, one at Eagle Harbor on Lake Superior, one at Point Marquis, one at Superior City, at the mouth of the St. Louis River, one on Isle Royal in Lake Superior, and *one at Menasha* in this State.

The Advertiser says:

> We state without *fear of contradiction*, that we have three of the best brick yards in this state and our brick makers have made preparations for the manufacture of at least four millions of brick this season. The shipments will probably amount to some three million, while *our* enterprising, go ahead citizens will pile the remaining million into walls of dwellings and storehouses, which will add materially to the appearance of our village, and the enhancement of property.

Cheap Enough.—"Dick Tinto" writes from Italy to the N. Y. *Times* that an Italian nobleman at *Fiesole*, not worth a *sou*, *is willing* to marry a Yankee girl, for one hundred thousand dollars, cash on the nail.

Not So.—We learn from a gentleman who left Watertown yesterday morning, that the rumor *of a* murder having been committed in that city, to which we alluded yesterday morning was without foundation.

☞ Horace Greeley goes to Europe this month to join his family, who have been spending the winter *in England*. It is his intention to be present at the great Exhibition which opens in Paris in May. It is stated on reliable authority that 24,500 copies of his "Life" have been sold and that it is still selling at the rate of nearly one thousand copies a week.

Lumber from Canada.—The Secretary of the Treasury has placed a construction upon the Reciprocity Treaty with Canada which excludes "boards, planks, lath and shingles" from the free lists as *manufactured wood*.

Steamer Ohio.—The old steamer *Ohio* is to be employed in towing on the St. Clair Flats during the coming season of navigation.

Another Drunken Row.—The Potosi *Republican* brings the *following*:

> Stabbing.—A fight occurred yesterday morning, on Main St., in front of Mallet's Saloon, between two men, named John Canada and Henry Montpleasure, *alias* French, in which the former was severely stabbed in the right side, by a large pocket-knife in the hands of French. Canada's wound was dressed by Dr. Armstrong, and he is considered to be in somewhat dangerous condition.

☞ There is a good story going the rounds of the papers, in relation to a recent interview between the present head of the French empire and ex-President Van Buren, which, if true, is creditable to the former personage. It runs thus: Mr. Van Buren visits Paris to unite in the celebration of Washington's birth-day. Napoleon hears of his *arrival*, *desires* an interview, but is told by the ex-President that, inasmuch as he has no court dress, he cannot present himself before the emperor: whereupon the latter rebukes his truckling to monarchical custom by remarking: "I do not wish to see your clothes, but you!" The account goes on to say that Matty and Bonaparte were closeted together for hours; but here the story ends—and the probabilities are, that if such an interview took place, the world will not know the result of it unless the Frenchman himself proves leaky.—[*Buffalo Republic.*

Body Found.—An inquest was held over the body of a man found on the lake shore about forty rods south of the south pier, in this village on Thursday last. Deceased was five feet ten inches in height, had on a pair of red top calfskin boots, and blue pants. The body must have lain under the ice some weeks. It was badly disfigured and bruised. No clue could be ascertained as to his name or residence. His general appearance was that of a sailor. He was properly buried in the cemetery west of the village.—[Port Washington Advertiser.

The *Advertiser* (dem.) from which we take the above adds:

> Our citizens certainly had reason to rejoice over the result of yesterday's election, for the Germans had declared openly that they would rule, and that no American should hold office while the balance of power was in their favor. This was all wrong, and we are very sorry that they should be so injudicious.

Certainly it was all wrong, and injudicious besides, and such declarations are only calculated to arouse a Know Nothing feeling in the localities where they are made: in short—"not to put too fine a point upon it"—to wake up Sam.

Correspondence of the Sentinel.

Neosho, April 4, 1855.

Messrs Editors:—Our election yesterday for Judge resulted as follows

For O. Cole 158

Are we not the Banner Town?
(We think so!—*Ed. Sentinel.*)

Lake Maria, Marquette Co., April 4.

At the election in this town, (Hardin) yesterday, the vote stood for Cole 87—for Crawford 11.
Yours, F.

Oconomowoc.—The town of Oconomowoc, *Waukesha county, elected the Republican ticket*, on Tuesday; Daniel Cothrel, Chairman, D. McVicker, Town Clerk, and J. R. Carpenter, Justice. For Supreme Court, Cole received 190 votes and Crawford 62—majority for Cole 128!

Vote of Janesville.—The following was the vote of Janesville city for Mayor:

	1st Ward	2nd	3d	4th	Total
E. L Dimmock,	157	142	71	161	531
A. Hyatt Smith,	51	96	40	138	325

Majority for Dimmock, Temperance, 206

For Associate Justice of the Supreme Court, Cole received 504 votes, and Crawford 306.

The Aldermen elect are, Messrs. Noggle and Kimball in the 1st Ward, Crosby and Burnham in the 2nd. Howland and St. John in the 3rd, and Vermilye and Lawrence in the 4th—all temperance men.

Town of Greenfield.—The election in Greenfield resulted in the choice of the *following* officers:

Supervisors—P. Lavis Jr., (Chairman) C. Harlst, Michael O'Brien.
Clerk—Wm. W. Johnson.
Superintendent—Edwin Johnson.
Treasurer—Francis B Ott.
Assessor—Edward B. Hasse.
Justices—Edwin Johnson, Joseph C. James.
Constables—J. Ballard, P. Moritty and O. Saner.

For Supreme Court Judge, Crawford received 175 votes, and Cole 55.

Town of Lake.—The following officers were chosen in the town of Lake on Tuesday. There *was no party* contest.

Supervisors—J. C Howard, (Chairman) Henry Bower, E. S. Estes.
Clerk—Orlando Ellsworth.
Treasurer—Wm. Schroeder.
Superintendent—James P. Howard.

The vote for Judge of the Supreme Court stood, Orsamus Cole 79, Samuel Crawford 76.

In the morning nearly all the votes cast were for Mr. Cole, but towards noon emissaries appeared from the city, and *rallied many of the* foreign born voters against Mr Cole, on the "Liquor" and "Know-Nothing" issues.

Madison Town Election.—The *following* are the officers chosen at the Madison Town election Tuesday:

Supervisors—H. J. Hill, Ch'n., *S. M. Van Bergen*, R. T. Davis.
Clerk—*W. S. Main.*
Treasurer—*G. C. Albee.*
Justice—*William Welch*
Assessors—C. G. Meyers, *Thomas Reynolds.*
School Superintendent—Darwin Clark.
Constables—Wm. Pyncheon, Henry Rouse, I. E. Brown.

The *Democrat* says that those in italics ran on the Independent ticket, and the others are "straight democrats."

Watertown City Election.—The contest for city officers was very spirited—824 votes having been polled. John W. Cole was elected Mayor by 59 majority over Wm. Chappell; Thomas Knox (formerly of this city) Municipal Judge by 69 majority; Theo. Bernhard, Clerk — D. O'Byrne, Treasurer—and Emmett Orr, Marshal. We said, yesterday, that the issue was Barstow and anti Barstow. We are assured, however, that local considerations controlled the result.

The Prohibitory Law.—This law, which had passed both branches of our Legislature, by large majorities, has been vetoed by the Governor. We are grieved, but not disappointed at this action of Governor Barstow. Thousands of temperance men were deceived by his pledge not to veto a constitutional law, and voted for him because of that pledge; but we were not among the number thus duped. We never knew any one but a third rate Demagogue attempt to ride *into office upon* both sides of an important issue; and we never knew such an one that did not, when compelled to get off the fence land on the wrong side. Perhaps temperance men—Maine Law men, will be gulled again by just such another "artful dodge," but we think one such lesson will do for the present. Our own individual opinion is, that the next Governor of Wisconsin, will not veto a Prohibitory Liquor Law.—[Oshkosh Democrat.

Correspondence of the Sentinel

The Janesville Election—Triumph of Temperance and Reform.

Messrs. Editors:

A glorious conquest has just been won. Temperance and principle are triumphant. The day dawns upon a happy City. The chill of defeat has subsided, and the warm blood of patriotism flows free and unobstructed.

Yesterday was our city election. The people as a people, acting upon freedom's principles, did their duty.

We elected a *clean Temperance ticket*. The great struggle was for Mayor. The candidates were Edward Dimock and Temperance, and A. Hyatt Smith and Liquor. There were something more than 850 votes polled, Dimock receiving 200 majority over Smith. Every Alderman elected is a thorough Temperance man.

We feel indeed, grateful for the result, and to our *good* citizens, must we express our gratitude. The city did a good work yesterday, long to be remembered and cherished, as a glorious triumph of Principle and "Temperance" over "Whisky" and "Demagoguism." The city gave Orsamus Cole 198 majority over Crawford.

In the evening the city was illuminated by bon-fires, and at eight o'clock, a very large body of men formed a procession of torch lights, marching through the *principal streets, and halting* before the residence of our new Mayor elect. The drum was beaten, cheers were given, and Mr. Dimmock came out and addressed the people after which, the mass of exultants quietly dispersed to their respective homes, feeling that *a good day's work was finished.*

By a resolution of the Common Council, the *Mayor* issued a proclamation to the Liquor dealers, forbidding the sale of the poison on Election day. The proclamation was obeyed, everything passed off quietly; and *but one* drunken man was seen during the day.

We never witnessed such feeling as was exhibited on this occasion. The friends of Reform seemed to regard the result of the Election as a matter of life and death, to the interests of the City and labored manfully, under this laudable feeling, their good work was crowned with success.

Respectfully, Citizen.
Janesville, March 4th 1855.

The Rum Murder in Washington County.—The Ozaukee County *Advertiser* gives the following particulars of the *terrible murder* and suicide in the town of Wayne, Washington County last week:

> Mr. Reisner, the suicide and murderer, had difficulty with his wife's parents caused by his infidelity to his wife, and also by reports that he had a wife still living in Germany. The mother of Reisner's wife, whose name our informant did not remember, had threatened to prosecute him. On Thursday last, Reisner was at West Bend, and partook rather freely of the "poison cup," and returned home towards evening, "comfortably drunk." The next morning he shot his wife's *mother through the head, killing her instantly*—He then shot his father in law through the throat, mortally wounding him. Not satisfied with this shedding of blood, he placed the muzzle of the gun to his head, pulled the trigger and in an instant his brains lay scattered in every direction.

The Largest and Best Sell of the Season.—On Saturday last a quantity of hand-bills were posted up in this village, giving notice that Professor Tiffany, of Cleveland, Ohio, would lecture at the Court House on Sunday evening, on "Spiritualism," and that Miss Warner, "a celebrated medium," would assist him, &c. At an early hour *the house was filled* and *many* were compelled to stand up while others left for want of room to stand. Nearly all the Spiritualists from the village and country, far and near, were on hand. Notwithstanding the roads were almost impassable, quite a number of teams came sweating and foaming through the mud, heavy loaded *with men, women and children, from a distance* to hear the celebrated representative of "departed spirits." After waiting about an hour for the Lecturer, a Chairman was appointed, and the meeting called to order. The Chair inquired what was to be done, &c. About that time some one suggested that it was *the First Day of April*; and such "a *getting down stairs*" we never saw before. In fact, every one whom we have heard "own up" that he was there, claims that he was "the first one that left." It is pretty well understood that our citizens are indebted to their Milwaukee neighbors for the arrangement of this very clever "sell."

Later.—Since writing the above, we learn that some evil disposed boys not having "the *fear* of the spirits before their eyes," took up a *right* collection at the door just enough to pay expenses. Waukesha Plaindealer.

Who Can Beat It.—Mr. Wm. Hardy—boss *miller at the Empire Mills, in the 2d Ward*—ground, with one run of stones, in four days, ending on Thursday night of last week, 562 bbls of flour, on an average 140½ bbls per day and during one of said days, he ground 171 bbls of flour; for the week ending Sunday night, he ground 892 barrels of flour. When any one beats this Mr. *Hardy* will try again.—[Free Democrat.

New Licenses.

The names of persons to whom licenses have been granted are, Capt Quackenbush, Mr. Fay, (Market st.) J. H. Webster, Tremont House, Joshua Bell, J. V. *Rangden*, (*two places*) Philip Conley, Peter Conley, Willard and Stephens, Joseph Gage, (two places) Mr. Simpson.

We are happy to see the bar at the Theatre is closed, and crape affixed to the door, over a placard bearing the inscription,

"*Whiskey is Dead.*"

The license expired on the 1st of the month, and Mr. Rice would not allow the bar-keeper to have it renewed. *If anything could* add to Mr. Rice's popularity here, such acts as this would do so. Chicago may now pride herself upon having one of the best managed theatres in the Union in her midst, *without a drop of whiskey sold on the premises.* Hurrah for the Theatre without the bar! Mr. Rice will find that he never did anything that will pay him better than the simple act of shutting up that bar.—[Chicago Tribune, April 4.

The Steamship Niagara.—The New York *Herald*, of Thursday, contains a description of the new steam frigate *Niagara* built by George Steers—the celebrated naval architect—which is one of the six for which an appropriation was made by the last Congress, the others being constructed at other Navy Yards throughout the country. The *Niagara* is sharp at the bows, something like the fast sailing yachts that generally take the prizes at the match races. Her extreme length is 345 feet, breadth 55 feet, and 31 feet the depth of hold from the floor to the under side of spar deck. She is intended to carry 12 *eleven inch swivel guns*. Mr. Steers says she will sail seventeen miles an hour, under an ordinary press of canvass. This speed goes even ahead of the *Grapeshot*, and if gained in the *Niagara*, it will puzzle the world to catch her in a fair race.

As to the strength of this vessel, there is little, if any, improvement to be made. Her frame is of the best live oak, every piece being carefully selected before allowed to go into her hull. She was visited and examined a few days ago by E. K. Collins, who pronounced the *frame* to be in quality of timber and workmanship, superior to anything which he had ever witnessed in the way of shipbuilding in this country or in Europe.

Lunatic Asylum Contract Repudiated.

From the Madison correspondence of the Milwaukee *Sentinel*, under date of March 20th we extract the following report of the doings in the Assembly on the proposition to relieve the State of further enormous expense incurred by the Lunatic Asylum Commissioners, by at once repudiating the contract with one Proudfit for the construction of the building. This contract would make the *Lunatic Asylum cost* the State *more than four hundred thousand dollars*, when the sum appropriated for that purpose last winter was but $22,300! "Investigations" have exposed the whole scheme, and the evidence produced before the investigating Committee go to show that no other person but Proudfit was permitted to examine the *specifications* of the building previous to the time of awarding the contract, although many applications were made by persons wishing to bid. It was further proven that the contract was awarded by the Commissioners, *between* 11 and 12 o'clock *at night;* that the *Governor* was present, and *and gave his approval* of the bid made by Proudfit!! We sincerely regret having to chronicle such misdeeds on the part of an Administration our influence aided to bring into power, but our duty dictates our course—to keep the *acts of the public servants* before the people, be they bad or good.—[Potosi Republican, (dem.)

Maine Law Triumph in Iowa.

Davenport, April 4.

The official majority in Davenport township, *for the Prohibitory Law* is 265; for State officers 100; for Wm. H. Tuthill, Whig Temperance candidate for Judge, 94. In this county the Prohibitory Law will have a majority of 500 and probably 5,000 in the State. Tuthill's majority in this county is 300. He is unquestionably elected.

CITY MATTERS.

Death of Frederick Fratny.—We regret to announce that Frederick Fratny, for several years past editor of the *Volksfreund*, a German paper published in this city, died at his residence in the First Ward, at 4 o'clock yesterday morning. Mr. Fratny was a man of decided talent, of generous impulses and liberal principles; and tho' a warm partisan, was a fair and manly opponent. He leaves a wife and three children, and a large circle of attached friends to mourn his loss.

POLICE COURT.—April 4.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

A gentleman who is the occupant, but not the owner, of a store on East Water street, applied to the Police Justice to find out whether he, the applicant, was compelled to clean the street in front of the store he occupied. The Court informed him that the language of the Ordinance was "the owner or occupant of said lot." The applicant stated that under his lease he was not bound to pay any taxes assessed against the *property*. *This is a question* that is asked of the Court about every time a man receives a notice from the Marshal to clean the street in front of their stores. All who have observed the working of the Ordinance relating to the cleaning of the streets, must have become satisfied that the Ordinance from beginning to end, was a humbug. The streets of the city have never been kept clean, the alleys have steamed with putrid effluvia every summer, and nothing but the healthy nature of its location has prevented disease from *raging in a sickly season*. What is *everybody's* business is nobody's business, and it is so with this Ordinance. The city should be cleaned by a general city tax, and that tax be paid by the property. It would then be done and the city could thus be kept clean. But as it is at present, the cleaning, even if the Ordinance is complied with, is irregular. For instance a man occupies a store with a vacant lot on each side, the occupant has to clean the street in front of his tenement, but the street opposite both the vacant lots remains filthy. Such is but one instance of the workings of this Ordinance. The Marshal has commenced to notify residents on East Water st., *to clean in front of their stores*, and says he shall follow it up; and if there is any way in which the Common Council can effect the *thorough* cleaning of each street and alley previous to warm weather, we hope they will do it, promptly. We hope they will follow the advice of the Mayor—"Do nothing but what is absolutely necessary, and neglect nothing which it is your duty to perform."

The Streets.—We are glad to see that the Aldermen of the different wards are taking measures to have the streets thoroughly cleaned with the opening of Spring. Contracts have been advertised for in some of the wards for taking off the dirt, by the year, and we do not doubt that the others will follow. Laborers were engaged all along East Water Street yesterday in gathering into heaps the winter's accumulation, although the great masses of ice in some portions of the street will be obliged to remain a few days, until the sun can soften them.

It is a great comfort to know that for the first spring since the foundation of the city, there is a solid stone foundation, when it can once be reached.

Hardware.—Nazro & Co. appear in our columns to-day with a notice of their stock of iron and steel, showing that they are in readiness for the Spring trade. We understand that they hope to get into their splendid and capacious new building in the course of three or four months. Its massive and tasteful front attracts much admiration from passers by.

☞ The steamer *Arctic*, with a fair load of passengers and freight, arrived from Chicago last evening, and returns this morning. Among her passengers was Mr. James Christie, who re-visits Milwaukee, after an absence in Europe, of several years, and is warmly welcomed back again by many friends.

Fancy Goods.—*Take notice of H Strafford's* advertisement of his new store in Young's Block on Wisconsin Street, where there are hosts of articles to tempt the purchaser.

Board of School Commissioners.—The Board of School Commissioners hold the annual meeting for the election of officers and the transaction of other business, at the Common Council *Room this evening* at 7 o'clock.

For Manitowoc and Two Rivers.—The steamer *Superior* will leave Kellogg & Strong's Pier, at 8 o'clock this morning, for Manitowoc and Two Rivers.

Walkers Pt. Bridge.—This bridge, having been repaired and strengthened for the season's work, swung open to-day several times to allow the passage of vessels, bound outward. The propeller *Pocahontas* went down the river to the railway for the repair of damages received last fall at Grand Haven, Mich.

Overflowing.—The large warehouse erected last fall by D. Newhall is piled with flour on the lower floor until it needs a Jersey pilot to carry one safely through it, and the owner is putting flour at once on board one of his vessels, the schr *D. O. Dickinson*, and has her nearly filled.

Real Estate Sale.—J. B. Smith purchased of S. D. Luscomb, yesterday, lot 7, block 31, in the Fourth Ward, with a stone building thereon, for $1560. It is to be occupied by Pinney Young's *& Co., as a manufactory for the celebrated* Pinney Young's Patent Sawing machines.

Confirmed.—The Common Council last evening confirmed S. S. Daggett as Chief Engineer, J. Goodrich as 1st Assistant, Jos. Spraque, 2d do., and F. Greenleaf, 3d do.

Marine Intelligence.

The St Clair Flats.—Mr George Keefer, a civil engineer, of Chatham, C. W., has addressed a letter to Mr. E. Larwill, member of the Provincial Parliament from the county of Kent, in relation to a Canadian channel over *the St Clair Flats*, known as the *Chenal Ecarte*, which, he says, is a more favorable and shorter line of communication than on the American side, and can be opened at one-third of the expense. The channel, Mr. Keefer states, passes West St Ann's Island, and, although somewhat crooked, has sufficient depth of water for any vessel or boat navigating the Lakes. The only obstruction is a bar formed at its southern entrance into Lake St Clair, composed of soft blue clay, extending not over four or five hundred yards, and over which vessels drawing not more than six feet of water can easily pass, so that to secure a channel of ten feet water, the actual depth of dredging will not exceed four feet in the whole distance. The channel, however, when opened, would probably require piers to protect it against the wash of the Lake. To obviate this difficulty, Mr. K. suggests a cut from a bend in the channel some distance from its entrance, where it approaches very near to the lake. The length of the cut would not exceed a quarter of a mile, and would at once bring a vessel into deep water, in the lake, and where it would be so guarded from prevailing winds, as to require no protection from the piers. The current, which is about two miles an hour, would always keep the channel open. Mr. Keefer says:

> "The great necessity for improving the channel has, I believe, drawn the attention of the leading men of this town, who, I understand, are about petitioning the Government for a grant of *five thousand pounds*, which will be ample for all purposes required, not only for opening a proper channel in these flats, but will cut off some sharp points and bends in the channel, by way of shortening the distance, and rendering the navigation more perfect. The Government, it appears to me, would hardly withhold so small a favor, when the advantages of so trifling an outlay would subserve so useful a purpose, and when they have been expending large sums for other improvements in the country of much less public utility."

"A Wise Man shall Hear, and shall be Wiser."

We are all creatures of one Creator, who has placed us upon this globe and surrounded us with the means to sustain life and preserve health, or restore it when lost, and given us minds to investigate and ascertain the properties and effects upon our organization, of the various substances and elements within our reach and under our control.

The Mexican Mustang Liniment

is prepared upon these immutable principles of nature, after carefully studying and experimenting with the various elements of its composition upon the different diseases for which it is recommended. There is no guess work or chance hazard about it. It acts upon strict chemical, physiological and organic laws, and can therefore be depended upon in perfect certainty in curing Rheumatism, Piles, Bruises, Burns, Ulcers, Sprains or Sores of any kind, and for sore or caked breasts, chapped hands, tetters or ringworms. The thousand bottles daily selling is proof enough of this. See advertisement in another column.

Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office its [illegible] attach [illegible].

The many reasons why Fire and Marine Insurance should be adopted are incontrovertible, and Life Insurance, while it in no way interferes with, or undervalues these important institutions has claims which no other system of assurance can have. Human existence must on consideration enjoy a much higher estimate than worldly property.

While the representative of a family lives, (although, through a good income [illegible] property, he becomes a bank-rupt) he supports his family, but at his *death*, they are thrown on their means of support, which he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comfort during life.

If young, the annual payment will be light and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen, and others who have a stated and regular income, *at all times* aware well knowing that, at their death their families may be left destitute,

Men engaged in mercantile or manufacturing pursuits ever vary[illegible] and uncertain [illegible], *should insure*.

The farmer who has his farm or mortgage, *should insure*, as it lifts the extent of it, thereby enabling his family to pay off the debt in case of his death.

F A A.

The Excitement at Cincinnati.

Cincinnati April 3

The excitement here is on the increase. The Germans refuse to give up the cannon, fighting has consequently commenced over the gun, and it is report that several have been killed. The Germans are mostly fortified and armed in their house, while the Americans are also well prepared. The probability is that matters will be most sanably postponed all morning, when it is thought the present feeling will have subsided.

Wednesday morning, April 4—Nothing of special importance transpired after our last despatch last night. This morning a larger crowd assembled in the 5th st., market place, and the greatest excitement was manifested. The military are under arms awaiting orders. The Germans have agreed to deliver up the cannon at 10 o'clock, and if they do so, it may prevent a collision.

Philadelphia, April 3

In the Democratic Convention to-day, the delegates suspected of Know-Nothingism were examined in relation to the accusation against them. Those who refused to testify, or where the charge was proved against them were expelled. Among those expelled was the democratic Commissioner, Wm S Allen, and on refusal to depart, was forcibly put out.

Great Forgery on the Secretary of War.

Washington April 3

It is reported that Col. Lewis L Taylor, clerk in the First Auditor's office, has forged the name of Jefferson Davis to notes amounting to some $20,000. He left the city on Sunday night.—The notes are held by brokers, money lenders, and personal friends of the forger.

Cincinnati April 3

The Price Current publishes a full statement of the number of hogs packed in the west this year, which shows a falling off in the numbers compared with last year of 3 495 hogs, equal to 463 000 pounds.

St Louis Election.

St Louis April 4.

The result of the election in St. Louis for Mayor, sums up as follows:

Hogan, Whig	2 032
Lightner dem,	3 112
King, K N,	4 219

New York, April 4

A letter from Key West mentions the U S steamer Fulton at Havana, having reported picking up a mast at sea, which apparently once belonged to a man-of-war. It is suggested that it may have belonged to the ill-fated sloop-of-war Albany.

The military organization was reported as very competent, and many of the officers have seen service in the American Army. A letter from Havana states that Secretary Marcy had instructed the acting U S Consul at that place to notify the Captain General of the Island that if one drop of American blood is spilt in the present crisis the Government of the United States will not be answerable for the result.

The steamship Atlantic sailed at noon with 107 passengers and $127,000 in specie.

Latest from Cincinnati—Peace Restored

Cincinnati April 4—2 P M

There has been no fighting thus far to-day. The Germans have delivered up their cannon but retained the wheels, and a quarrel is now going on about the latter.

The military are under arms.

The indications are that the difficulties will be terminated without further bloodshed.

☞ The telegraph, *sometimes*, makes amusing blunders. A dispatch from Constantinople to London said that 'Lord Stratford de Redcliffe had left Constantinople in a terrible fright." It should have read "in the Terrible frigate."

The Most Successful American Book.

RUTH HALL:
A DOMESTIC TALE OF THE PRESENT TIME
By FANNY FERN
400 pp, 12mo   Cloth   Price $1,25

IT HAS BEEN RESERVED TO THIS DISTINguished authoress to achieve what may, under the circumstances, be regarded as the most brilliant success ever obtained by an American writer of fiction. "RUTH HALL" her first continuous story, though deriving no interest or popularity from connection with any of those vexed questions which agitate the public mind, has in the two months since its first appearance, reached a greatly larger sale than any other American work of fiction what ever within the same period. This extraordinary fact is, of itself, abundant evidence of the absorbing interest and graphic power of this remarkable work. We have in our possession several hundred reviews of 'RUTH HALL,' which have already appeared in the principal newspapers and periodicals. Nearly all of these pronounce it emphatically a work of genius; many predicting for it the largest sale of any American book, and devoting whole columns to its eulogium, while we have seen but a very few (not twelve in all) which deny its fascination.

"RUTH HALL" is for sale by Booksellers generally.

FEVER AND AGUE CURE,
OR,
NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chill and Fever, Dumb Ague General Debility, Night Sweats and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is so invariably the heretofore [illegible] the same character in whatever it exists,—[illegible], South, East or West,—and will cure [illegible] where [illegible] this newly discovered Antidote, which is claimed to be [illegible].

This specific [illegible] may be taken by persons of every age sex or condition, and it will not subject them to [illegible] disease, others still [illegible] often the result of treatment by Quinine Mercury Arsenic and other [illegible] or [illegible] of any of which is admitted into this preparation.

The proprietor claims for it these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another chill, by continuing its use according to directions.

It will immediately relieve all distressing results of Bilious or Ague diseases such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families at all cases. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Bilious attacks in that season of the year which, while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade. Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life insurance is desirable or not, and at what office it is desirable such insurance.

The many reasons why Fire and Marine Insurance should be [illegible] are incontrovertible, and Life Insurance, while it in no way interferes with, or undervalues these important institutions has claims which no other system of assurance can have. Human existence must on consideration enjoy a much higher estimate than worldly property.

Clergymen and others who have a stated and regular income, and who [illegible] well knowing that, at their death their families may be left destitute,

Men engaged in mercantile or manufacturing pursuits every [illegible] and uncertain [illegible] circumstances, *should insure*.

The Excitement at Cincinnati.

Cincinnati April 3

The excitement here is on the increase. The Germans refuse to give up the cannon, fighting has consequently commenced over the gun, and it is reported that several have been killed. The Germans are mostly fortified and armed in their house, while the Americans are also well prepared. The probability is that matters will be measurably postponed all morning, when it is thought the present feeling will have subsided.

Wednesday morning, April 4.—Nothing of special importance transpired after our last despatch last night. This morning a larger crowd assembled in the 5th st, market place, and the greatest excitement was manifested. The military are under arms awaiting orders. The Germans have agreed to deliver up the cannon at 10 o'clock, and if they do so, it may prevent a collision.

Philadelphia, April 3

In the Democratic Convention to-day, the delegates suspected of Know-Nothingism were examined in relation to the accusation against them. Those who refused to testify, or where the charge was proved against them were expelled. Among those expelled was the democratic Commissioner, Wm S Allen, and on refusal to depart, was forcibly put out.

Great Forgery on the Secretary of War.

Washington April 3

It is reported that Col. Lewis L Taylor, clerk in the First Auditor's office, has forged the name of Jefferson Davis to notes amounting to some $20,000. He left the city on Sunday night.—The notes are held by brokers, money lenders, and personal friends of the forger.

Cincinnati April 3

The Price Current publishes a full statement of the number of hogs packed in the west this year, which shows a falling off in the number as compared with last year of 3495 hogs, equal to 463 000 pounds.

St Louis Election.

St Louis April 4.

The result of the election in St. Louis for Mayor, sums up as follows:

Hogan, Whig	2 032
Lightner dem,	3 112
King, K N,	4 219

New York, April 4

A letter from Key West mentions the U S steamer Fulton at Havana, having reported picking up a mast at sea, which apparently once belonged to a man-of-war. It is suggested that it may have belonged to the ill-fated sloop-of-war Albany.

The military organization was reported as very competent, and many of the officers have seen service in the American Army. A letter from Havana states that Secretary Marcy had instructed the acting U S Consul at that place to notify the Captain General of the Island that if one drop of American blood is spilt in the present crisis the Government of the United States will not be answerable for the result.

The steamship Atlantic sailed at noon with 107 passengers and $127,000 in specie.

Latest from Cincinnati—Peace Restored

Cincinnati April 4—2 P M

There has been no fighting thus far to day. The Germans have delivered up their cannon but retained the wheels, and a quarrel is now going on about the latter.

The military are under arms.

The indications are that the difficulties will be terminated without further bloodshed.

☞ The telegraph, *sometimes*, makes amusing blunders. A dispatch from Constantinople to London said that 'Lord Stratford de Redcliffe had left Constantinople in a terrible fright." It should have read "in the Terrible frigate."

The Most Successful American Book.

RUTH HALL:
A DOMESTIC TALE OF THE PRESENT TIME
By Fanny Fern
400 pp, 12mo Cloth Price $1,25

IT HAS BEEN RESERVED TO THIS DISTINguished authoress to achieve what may, under the circumstances, be regarded as the most brilliant success ever obtained by an American writer of fiction. "RUTH HALL" her first continuous story, though deriving no interest or popularity from connection with any of those vexed questions which agitate the public mind, has in the two months since its first appearance, reached a greatly larger sale than any other American work of fiction whatever within the same period. This extraordinary fact is, of itself, abundant evidence of the absorbing interest and graphic power of this remarkable work. We have in our possession several hundred reviews of "RUTH HALL," which have already appeared in the principal newspapers and periodicals. Nearly all of these pronounce it emphatically a work of genius, many predicting for it the largest sale of any American book, and devoting whole columns to its eulogism, while we have seen but a very few (not twelve in all) which deny its singular fascination.

"RUTH HALL" is for sale by Booksellers generally.

RHODES'
FEVER AND AGUE CURE,
OR,
NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chill and Fever, Dumb Ague General Debility, Night Sweats and all other forms of disease which have a common origin in Miasma or Malaria. This subtle atmospheric poison which at certain seasons is so invariably inhaled in every low lying [illegible], and [illegible] character in Western Wilds.—and will not be found where [illegible] this newly discovered antidote, which is claimed to be [illegible] DISCOVERY IN MEDICINE [illegible]

This specific is so harmless that it may be taken by persons of every age sex or condition, and is without substitute in this disease, especially as it cures, as it contains none of the [illegible] Quinine, Mercury, Arsenic and [illegible] so [illegible] which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveller even in the most sickly or swampy localities, from any Ague or Billious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another chill by continuing its use according to directions.

It will immediately relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all cases. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Billious attacks in that season of the year which while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade. Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

THE UNDERSIGNED WOULD RESPECTFULLY announce to the Public that he has opened, on

Spring Street, Opposite the American House,

A NEW

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by George Hews of Boston, Mass

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union from the World's Fair at London, and flattering testimonials from the profession resident at Boston and elsewhere among which are the following

From the illustrious Pianist, L M Gottschalk, to Mr Hews, Agent at New York

New York, Dec 5 1853.

MR N J CURTIS —

Dear Sir Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Warerooms, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing no doubt, to the perfection of the scales

Very Respectfully, L M GOTTSCHALK

From the distinguished Pianist, WILLIAM MASON

MR HEWS —Having repeatedly played upon the Piano Fortes manufactured by you with the American Action I am free to acknowledge, that for certainty and elasticity of action power, purity and equality of tone I have never seen them surpassed in the square Piano Forte

WILLIAM MASON

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect

Pianos to Let Old Pianos taken in exchange, and liberal prices allowed.

CHERRY PECTORAL,

or the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars and indisputable proof of these statements

Office of Transportation, Laurens R R , S C , Aug 4 '53

DR J C AYER Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent For all affections of the Throat and Lungs I believe it is the best medicine extant A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery my little boy would now have been in another world

I am yours, with great respect

J D POWELL, Supt Trans., L R R

Rocky Hill, Somerset Co , N J , July 21, 1852

DR J C AYER —Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done I take pleasure in selling it because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers

Please send me a further supply, and believe me

Yours with respect, JOHN C WHITLOCK

P S —Almost any number of certificates can be sent you if you wish it

Windsor, C W , June 26, 1855

DR J C AYER—Sir —This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy

Yours very respectfully,

D A McCLURE, Attorney at Law

Wilkesbarre, Pa , Sept 28 1850

DR J C AYER—My dear sir —Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation I invariably recommend it for pulmonary affections, as do many of our principal physicians I am your friend

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,

It is used by Mechanics and Laboring men,

It is used in families and factories,

It is used expressly by all Express Companies,

It is used by Farmers and Livery stable keepers,

It is used by everybody, and all speak in its praise,

Where it is used, pain cannot exist,

The benumbed limbs are made elastic,

The deep ulcers and frightful sores are healed,

The distracting nerves are made to vibrate with joy!

Use the Mustang Liniment.

It is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used Its efficacy in this terrible disease is acknowledged by all who have used it It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sores, Tatter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest For some afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors film or other diseases of the eye, poll evil, &c

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper

Who pretends to keep medicine at all,

But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,

The medium sized retail for 50 cents per bottle,

The large sized retail for one dollar per bottle,

The medium hold three times as much as the small

The large holds nearly three times as much as the medium,

Therefore the largest bottles are the cheapest

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York THOMAS HOLLOWAY,

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach The fair sex, perhaps, the most handsome in the World at a certain period, lose their teeth and good looks while yet in the hey-day of life These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by Gilbert & Co of Boston, Mass

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly its [illegible] execution. Numerous medals, diplomas and certificates have been received from various Fairs and industrial exhibitions in different parts of the Union from the World's Fair at London, and flattering testimonials from the professional residents at Boston and elsewhere among which are the following

From the Illustrious Pianist L M Gottschalk, to Mr Hews, Agent at New York

NEW YORK, Dec 6 1853.

MR N J CURTISS —

Dear Sir Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and often at his Pianos at your Wareroom which all filled me with gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing no doubt, to he perfection of the scales

Very Respectfully, L M GOTTSCHALK

From the distinguished Pianist, WILLIAM MASON

MR HEWS —Having repeatedly played upon the Piano Fortes made by you with the American Action I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone I have never seen them surpassed in the square Piano Forte

WILLIAM MASON

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect

Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

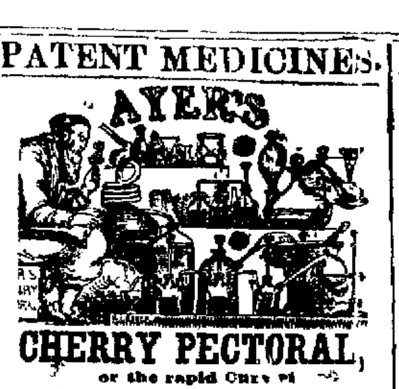
PATENT MEDICINES.



CHERRY PECTORAL,

or the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, where are all particulars and indisputable proof of these statements

Office of Transportation, Laurens R R, S C, Aug 4 '53

DR J C AYER. Dear Sir,—My little son four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery my little boy would now have been in another world

I am yours, with great respect

DR J C AYER —Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers

Please send me a further supply, and believe me
Yours with respect, JOHN C WHITLOCK

P S —Almost any number of certificates can be sent you if you wish it

Windsor, C W, June 26, 1853

DR J C AYER—Sir —This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy

Yours very respectfully,
D A McCLURE, Attorney at Law

Wilkesbarre, Pa, Sept 28 1853

DR J C AYER—My dear sir —Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The nervous system are made to vibrate with joy!

Use the Mustang Liniment,

is the spontaneous advice of all

It has cured more cases of

Rheumatism

than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the farthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them

Use it upon Your Horses,

for spavin, splint, ring bone, fistula, wind galls, big heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll evil, &c

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the

Mexican Mustang Liniment.

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small
The large holds nearly three times as much as the medium,

Therefore the largest bottles are the cheapest

HOLLOWAY'S PILLS.

To the Citizens of the United States —

I most humbly and sincerely thank you for the immense patronage which you have bestowed upon my Pills. I take this opportunity of stating that my Ancestors were all American Citizens, and that I entertain for all that concerns America and the Americans, the most lively sympathies, so much so that I originally compounded these Pills expressly to suit your climate, habits, constitutions, and manner of living, intending to establish myself among you, which I have now done, by taking premises in New York THOMAS HOLLOWAY,

38, Corner of Ann and Nassau Streets, New York

THE BLOOD, LIVER AND BILIOUS COMPLAINTS

The Citizens of the Union suffer much from disorders of the Liver and Stomach. The fair sex, perhaps, the most handsome in the World at a certain period, lose their teeth and good looks while yet in the hey-day of life. These evils may be effectually remedied by continually keeping the blood pure and the Liver and Stomach in a healthy action, when life will flow smoothly. I say fearlessly, that health and life may be prolonged for years beyond the ordinary limits if Holloway's Pills are taken to purify the blood, in accordance with the directions which accompany each Box

CURE OF WEAKNESS & DEBILITY OF TEN YEARS STANDING

Captain John Johnson, of Astor House, New York, suffered for ten years from a derangement of the Liver and Stomach and was so reduced in strength that he never expected to go to sea any more, having tried every known remedy without deriving benefit. At last he had recourse to Holloway's Pills, which completely cured him, after using them for three months, and he now enjoys the soundest health

These celebrated Pills are wonderfully efficacious in the following complaints —

Ague	Dropsy	Liver Complaints	Secondary Symptoms
Asthma	Dysentery	Lumbago	Tic Doloreux
Bilious Complaints	Erysipelas	Piles	Tumours
Blotches on the Skin	Female Irregularities	Rheumatism	Ulcers
Bowel Complaints	Fevers of all kinds	Retention of Urine	Venereal Affections
Colics	Fits	Scrofula, or King's Evil	Worms of all kinds
Constipation of the Bowels	Gout	Sore Throats	Weakness from what ever cause, &c.

HIGHLY IMPORTANT ANNOUNCEMENT.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease

DR. A. L. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered to the afflicted of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c

Dr A L Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered (being purely vegetable) for the permanent cure of the above disease. The most skeptical have become its most sanguine votaries, and pronounce the Liver Balsam to be the only reliable harbinger of health to the afflicted everywhere.

Testimonials come up from every track it has made, swollen with expressions of gratitude for the relief received by its use. And, in submitting this, the Liver Balsam is recommended to those suffering under the iron grasp of the monster disease, and at once procure one bottle of Dr A L Adams Liver Balsam.

The reader's attention is called to the perusal of the Medical Circular, which can be obtained of every agent throughout the United States, giving a clear epitome of the causes and cure of disease, also, of certificates of those who have tested its unparalleled ascendancy over the diseases to which we are all subject
